TERMS.—30 days net, 3% discount for cash before stock is shipped, 2% for cash in 10 days from date of invoice. June 1 payment on all stock billed after May 1.

SHIPPING.—When ordering, please state how you wish goods shipped, whether by freight or express, also route. When no instructions are given we forward to the best of our judgment, but in no case will we assume responsibility after shipment is delivered in good order to the carriers.

GUARANTEE.—Great care is exercised to have all trees, etc., true to name, and we hold ourselves ready, upon proper proof, to replace all trees, etc., that may prove untrue to name, or refund the amount paid. But it is understood between the purchaser and ourselves that this guarantee shall in no case make us liable for a sum greater than the original price paid for trees, etc., which prove untrue to name.

INTERESTING TO NURSERYMEN ONLY

Propagation Contracting

EVERGREENS

Will contract to produce Evergreens from cuttings either in cold frames this spring, or in greenhouse next fall. Write for full particulars giving us list of varieties you have that you would like to propagate from.

BARBERRY SEEDLINGS

We would like to contract with you to produce your Barberry Seedlings this year. Send us your seed at once and we will grow your Seedlings for you at \$6.00 per 1000. Will grade them into 3 to 6 inch, 6 to 9 inch and 9 to 12 inch. Would ship Seedlings back in the late fall of 1927 or early spring of 1928. Will be glad to send you samples of Barberry Seedlings we grew the past year.

HARDWOOD CUTTINGS

Many nurserymen do not find it convenient to grow their own Lining Out Stock and must depend on what they can buy for their yearly plant, which does not always prove out as satisfactorily as hoped. We can save you money on your Lining Out Stock that can be produced from Hardwood Cuttings, growing the plants from wood taken right from your own Nursery. If the stock you have growing in the field is true you will eliminate mistakes and also guard against shortage in supply. Write and we will explain fully.
